

## Preferred File Format & Software Supported

### Preferred File Format:

- Vector based art
- No placed images, must have access to image file
- All fonts turned to outlines to eliminate cross platform problems
- All support files (photograph, logo, etc.) in unflatten format
- 100% size file with 300 DPI resolution or higher

### Software & file formats that ALG supports:

- Adobe Creative Suite (most current version)
- Illustrator - .ai, .eps, .pdf
- Photoshop - .psd (layers unflatten)
- In-Design - .indt
- Acrobat - .pdf

### Software & file formats that ALG does NOT support:

- Low resolution files such as .gif, .jpg, .png
- AUTO CAD - .dxf, .dwg, or .pdf
- Microsoft Office formats - .doc, .ppd, or .exl
- Page Maker - .pm5, .pm6, or .p65
- Quark - all formats

***Printed samples to be recreated, must be clean & free of tape, folds or staples for best results.***
