

# *INDUSTRY LEADING* **SOLUTIONS**

CERTIFICATIONS THAT MATTER IN LABELS.

With over 50 years in the industry, ALG is a seasoned provider of pressure-sensitive labels and decals, dedicated to delivering exceptional value through prompt service, top-quality products, and cost-effective production.

## *UL CERTIFIED*

At ALG, we understand the importance of certifications and expertise, especially when it comes to customized UL authorized constructions. As proud participants in the UL "Authorized Label Suppliers Program," we're equipped to print UL marks and provide a diverse range of tested and approved material constructions for various end-user applications. Every year, we produce millions of UL labels and decals for clients across the United States and Canada.

Our UL certified products span over 25 approved printed systems and 33 thermal transfer systems, utilizing nine approved ink systems and five different print technologies: Flexographic, Screen Print, Digital Solvent Inkjet, Digital UV Inkjet, and Digital Thermal Transfer printing.

# QUALITY MANAGEMENT FOR YOU WHERE IT COUNTS

## ISO 9001

ALG holds certification to the International Management System Standard ISO 9001:2015, showcasing our unwavering dedication to quality in manufacturing and service. Published by the International Organization for Standardization (ISO), these standards provide guidelines for establishing a Quality Management System (QMS), assessing risks, and devising consistent solutions to business and product challenges.

With our ISO certification dating back to 2013 and our recent update to ISO 9001:2015 completed in September 2018, we're committed to delivering superior products and exceptional service to our customers.

At ALG, ensuring certification and appropriate registration is paramount to our operations. We maintain a steadfast commitment to delivering quality custom products alongside top-tier service and support. Our dedication to responsiveness makes it effortless to engage with us, while our unwavering focus on continuous improvement drives enhancements in both our processes and products.
